

# HOW THE H&R BLOCK BUDGET CHALLENGE MEETS THE JUMP\$TART NATIONAL STANDARDS IN K-12 PERSONAL FINANCE EDUCATION

## WHAT ARE THE JUMP\$TART NATIONAL STANDARDS FOR PERSONAL FINANCE?

The National Standards in K-12 Personal Finance Education, created and maintained by the Jump\$Tart Coalition for Personal Financial Literacy, outline the personal finance knowledge and skills that K-12 students should possess. The H&R Block Budget Challenge addresses the “spirit” of the standards (creating financially literate students who are able to take individual responsibility for their economic well-being) and the “letter” of the standards (targeted questions on flagged subject matter). H&R Block believes that focusing on both dimensions yields far superior results for students because learning by doing builds knowledge as well as behavior and skill.

Personal finance describes the principles and methods that individuals use to acquire and manage income and assets. Financial literacy is the ability to use knowledge and skills to manage one’s financial resources effectively.

## “SPIRIT” OF THE STANDARDS

The H&R Block Budget Challenge is a teacher-tested, online simulation tool that replicates real-world budgeting and personal finance decision-making. By simulating an adult’s financial life – paying bills, investing in retirement, managing loans and more – students take a personal finance “road test.” This learn-by-doing educational approach allows high schoolers to make real-world mistakes without facing real-world consequences.

## “LETTER” OF THE STANDARDS

The H&R Block Budget Challenge contains six separate quizzes that are built to match up with all six Jump\$Tart competencies. Quizzes are integrated within the simulation such that correctly answered questions award students with points toward an overall score.

## THE BUDGET CHALLENGE APPROACH

## FOR MORE INFORMATION

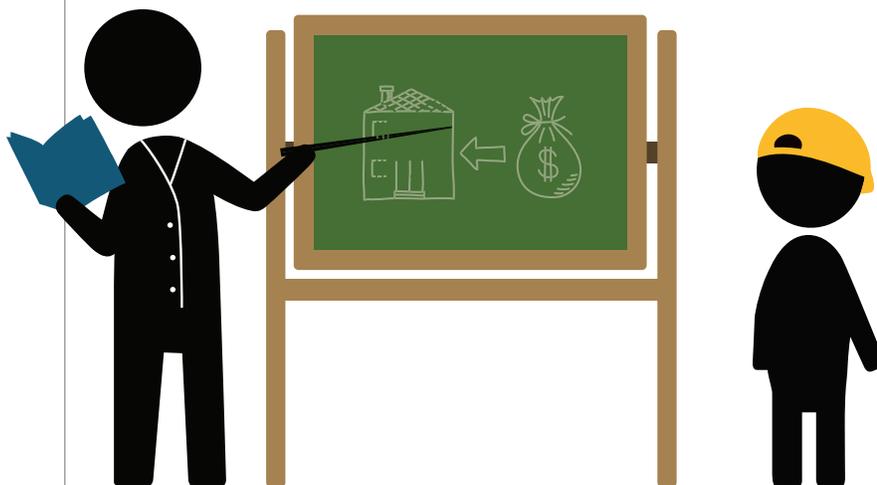

The H&R Block Budget Challenge teaches not only financial principles, but practical personal finance behaviors, knowledge and skill. The real-time simulation exposes students to the nuts and bolts of receiving a paycheck, paying bills and maximizing savings within a typical household budget – allowing them to understand the consequences of financial decisions in a safe environment, without real money at stake. By combining the patented simulation with standards-aligned quizzes, students produce real financial habits, knowledge and confidence.

# 1 COMPETENCY: FINANCIAL RESPONSIBILITY AND DECISION- MAKING

## MEETING THE SPIRIT & LETTER OF THE NATIONAL STANDARDS

### STANDARD 1: Take responsibility for personal financial decisions.

#### HOW WE APPLY STANDARD:

- Student decisions are aligned with points and rewards for making wise financial decisions and consequences for failure to do so.
- Students have 24/7 access to their individual financial account activity information, enabling teachers to use the simulation as a homework activity.

### STANDARD 2: Find and evaluate financial information from a variety of sources.

#### HOW WE APPLY STANDARD:

- Students evaluate the terms and conditions for invoices and make timely payments.
- Students evaluate the terms and conditions of a 401(k) to make an investment decision and determine net pay.

### STANDARD 4: Make financial decisions by systematically considering alternatives and consequences.

#### HOW WE APPLY STANDARD:

- Students evaluate the terms and conditions and compare contracts to consider alternatives and consequences prior to making vendor selections.
- Students consider fee alternatives and consequences.

### STANDARD 5: Develop communication strategies for discussing financial issues.

#### HOW WE APPLY STANDARD:

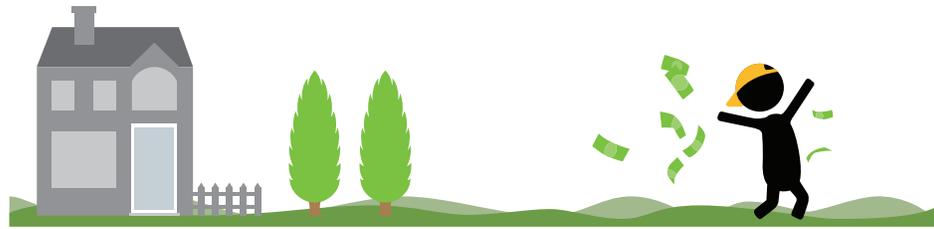

- Students develop communication strategies to professionally discuss financial issues regarding simulated vendors using Budget Challenge customer support.

**BUDGET  
CHALLENGE QUIZ: FINANCIAL RESPONSIBILITY AND DECISION-MAKING**

## 2 COMPETENCY: INCOME AND CAREERS

### STANDARD 2: Identify sources of personal income.

#### HOW WE APPLY STANDARD:

- Students identify sources of income on simulated paychecks, including salary, bonus pay and 401(k).

### STANDARD 3: Describe factors affecting take-home pay.

#### HOW WE APPLY STANDARD:

- Students experience how federal withholdings, Social Security, Medicare, state tax and 401(k) deductions affect their take-home pay.

#### BUDGET CHALLENGE QUIZ: INCOME AND CAREERS

## 3 COMPETENCY: PLANNING AND MONEY MANAGEMENT

### STANDARD 1: Develop a plan for spending and saving.

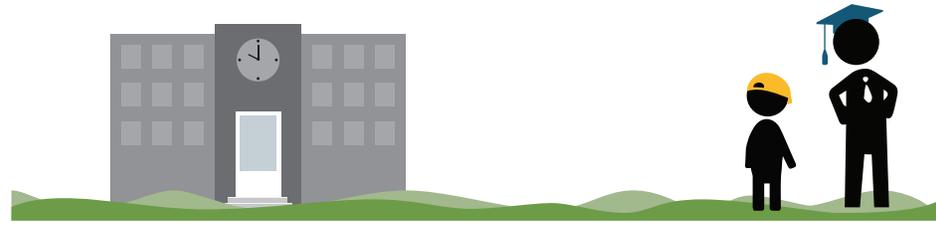

#### HOW WE APPLY STANDARD:

- Once the students have budgeted for short-term bills, they calculate how much they need for a contingency fund in their checking account for unexpected events.

### STANDARD 2: Develop a system for keeping and using financial records.

#### HOW WE APPLY STANDARD:

- An overall score incorporating aspects of savings, fee avoidance and personal finance knowledge is updated nightly for each student and class.
- The competition, daily scoring and real-time nature of the game make students realize that money management is a daily process and not a one-time event.
- Cumulative scores highlight the snowball effect of positive and negative money management habits.
- Students lose points in the game for every fee incurred, even at the bank.

- Late payments incur an additional penalty on the score, reinforcing the importance of paying bills on time.
- Choices for checking account types allow students to think about their financial position when selecting a financial vehicle, and to consider minimum balances, free checking, interest-bearing accounts and overdraft protection.

 **BUDGET CHALLENGE QUIZ: PLANNING AND MONEY MANAGEMENT**

**4** COMPETENCY:  
**RISK MANAGEMENT AND INSURANCE**

**STANDARD 1: Identify common types of risks and basic risk management methods.**

**HOW WE APPLY STANDARD:**

- Students learn about risks associated with renting. They select rental and car insurance.

 **BUDGET CHALLENGE QUIZ: RISK MANAGEMENT AND INSURANCE**

**5** COMPETENCY:  
**SAVING AND INVESTING**

**STANDARD 1: Discuss how saving contributes to financial well-being.**

**HOW WE APPLY STANDARD:**

- Aside from bills and contingency funds, students must save for retirement to score points.
- 401(k) saving is only allowed through direct paycheck contribution.
- Paychecks show breakdown of gross income, federal and state taxes, Social Security and Medicare.
- Pay raises include both percent salary increases and one-time bonuses to illustrate differences.

**STANDARD 2:** Explain how investing builds wealth and helps meet financial goals.

**HOW WE APPLY STANDARD:**

- Appropriate tax benefits of saving into the 401(k) are applied.
- Contribution percentage is updated for each biweekly paycheck.
- Interest accrues over time on 401(k) savings, demonstrating how the more you save earlier in the game, the better.

**BUDGET CHALLENGE QUIZ: SAVING AND INVESTING**
