## It didn't surprise us when you said you wanted more.

We agree! Every month you can expect to find more professional development opportunities that will enhance your teaching and connect you with the information and resources that make your work a little easier. This month, we welcome back a master educator that 'wowed' us at the August Virtual Conference. In December, we are looking forward to learning exactly how easily computer science fits into business education. All webinars are free to members and receive CTLE credit.

## The Diamond Award

The BTANYS Executive Board consists of business educators from all over New York State. Just like you, we are DECA and FBLA advisors, have new courses we've never taught, no budget for the resources we need, are spread way too thin, and often, work alone.

In addition to this everyday scenario, BTA Board members volunteer their time in a variety of positions to keep our professional organization running smoothly and effectively.

The Diamond Award is in recognition of board members that have dedicated 10 years of service. Pictured right, are recipients Francine Martella and Amy Boutet.

## Welcome Aboard!

We are happy to welcome Christina New as the newest board member and Syracuse Regional Director. Christina works at Cazenovia Central School District and most recently won the Department of the Year Award. She'll be reaching out to the region to find out how and what serves you best. Congratulations Christina!

## Looking to be involved?

If you reside in the Hudson Valley or Southern Tier region, and would like to join our board, we have a place for you! Please forward inquiries to [president@btanys.org](mailto:president@btanys.org)

## Teach Business Day

The prize drawing winners for Teach Business Day are Jeanine Lent and Patrick Fahy. Thank you to all those who posted!

## Wha-a-at?!

A huge **THANK YOU** to the LIBTA for their generous donation towards our efforts for advocacy. The gift will be used in lobbying the Board of Regents on the behalf of business education for changes in the graduation requirements.

## Lastly ~

My hope is that you have found the newsletters to be informative on what is happening in the BTA and how you can be part of it. Our members are what makes this organization and Business Ed matter.

I am truly...

*Thankful*
